**EARLY DETECTION OF RISK COMMITTEE REPORT**

Report Date: 10.06.2015  
Report No: 2015/3  
Subject: Evaluation of Market After June 2015 General Elections

Early Detection of Risk Committee convened on 10.06.2015 and reviewed the following matters.

Government building studies after general elections and the effects of this period had evaluated. The possible government that will be built after the election will eliminate the uncertainty and the market will be in affirmative condition, as supposed for a time, after the government building studies was assessed.

It is determined that these uncertainties will affect the sector and the operations of the company on demand side in short term and after will become normal fastly.
